Student Use of Technology Agreement and Release of Liability Form

The Wounded Knee School WKDS authorizes students to use technology owned or otherwise provided by the WKDS as necessary for instructional purposes. The use of WKDS technology is a privilege permitted at the WKDS's discretion and is subject to the conditions and restrictions set forth in applicable Board policies, administrative regulations, and this Acceptable Use Agreement. The WKDS reserves the right to suspend access at any time, without notice, for any reason.

The WKDS expects all students to use technology responsibly in order to avoid potential problems and liability. WKDS may place reasonable restrictions on the sites, material, and/or information that students may access through the system.

Each student who is authorized to use WKDS technology and his/her parent/guardian shall sign this Acceptable Use Agreement as an indication that they have read and understand the agreement.

Definitions:

WKDS technology includes, but is not limited to, computers, the WKDS computer network including servers and wireless computer networking technology (Wi-Fi), the Internet, email, USB drives, wireless access points (routers), tablet computers, smartphones and smart devices, telephones, cellular telephones, personal digital assistants, pagers, MP3 players, wearable technology, any wireless communication device including emergency radios, and/or future technological innovations, whether accessed on or off site or through WKDS-owned or personally owned equipment or devices.

Student Obligations and Responsibilities

Students are expected to use WKDS technology safely, responsibly, and for educational purposes only. The student in whose name WKDS technology is issued is responsible for its proper use at all times. Students shall not share their assigned online services account information, passwords, or other information used for identification and authorization purposes, and shall use the system only under the account to which they have been assigned.

Students are prohibited from using WKDS technology for improper purposes, including, but not limited to, use of WKDS technology to:

1. Access, post, display, or otherwise use material that is discriminatory, libelous, defamatory, obscene, sexually explicit, or disruptive.
2. Bully, harass, intimidate, or threaten other students, staff, or other individuals ("cyberbullying").

3. Disclose, use, or disseminate personal identification information (such as name, address, telephone number, Social Security number, or other personal information) of another student, staff member, or other person with the intent to threaten, intimidate, harass, or ridicule that person.
 4. Infringe on copyright, license, trademark, patent, or other intellectual property rights.
 5. Intentionally disrupt or harm WKDS technology or other WKDS operations (such as destroying WKDS equipment, placing a virus on WKDS computers, adding or removing a computer program without permission from a teacher or other WKDS personnel, changing settings on shared computers).
 6. Install unauthorized software.
 7. "Hack" into the system to manipulate data of the WKDS or other users.
 8. Engage in or promote any practice that is unethical or violates any law or Board policy, administrative regulation, or WKDS practice.

Privacy

Since the use of WKDS technology is intended for educational purposes, students shall not have any expectation of privacy in any use of WKDS technology.

The WKDS reserves the right to monitor and record all use of WKDS technology, including, but not limited to, access to the Internet or social media, communications sent or received from WKDS technology, or other uses. Such monitoring/recording may occur at any time without prior notice for any legal purposes including, but not limited to, record retention and distribution and/or investigation of improper, illegal, or prohibited activity. Students should be aware that, in most instances, their use of WKDS technology (such as web searches and emails) cannot be erased or deleted.

All passwords created for or used on any WKDS technology are the sole property of the WKDS. The creation or use of a password by a student on WKDS technology does not create a reasonable expectation of privacy.

Personally Owned Devices

If a student uses a personally owned device to access WKDS technology, he/she shall abide by all applicable Board policies, administrative regulations, and this Acceptable Use Agreement. Any such use of a personally owned device may subject the contents of the device and any communications sent or received on the device to disclosure pursuant to a lawful subpoena or public records request.

Reporting

If a student becomes aware of any security problem (such as any compromise of the confidentiality of any login or account information) or misuse of WKDS technology, he/she shall immediately report such information to the teacher or other WKDS personnel.

Consequences for Violation

Violations of the law, Board policy, or this agreement may result in revocation of a student's access to WKDS technology and/or discipline, up to and including suspension or expulsion. In addition, violations of the law, Board policy, or this agreement may be reported to law enforcement agencies as appropriate.

Student Acknowledgment
